## WASEEM ABBAS KHAN

Founder & CEO

“

As the CEO of NUEXUS, I'm truly excited to lead a company that is spearheading innovation in the world of IT. Drawing from my extensive experience as a Cyber Security Expert, Mentor, and Consultant, I understand the evolving challenges and opportunities that define the digital landscape. At NUEXUS, our unwavering commitment to excellence is at the core of everything we do. We've assembled a team of experts who share this vision, working tirelessly to develop and deliver cutting-edge solutions. Our comprehensive training programs cover a wide range of IT domains, empowering individuals to not only keep up with but also thrive in this dynamic field. Our dedication to cybersecurity, coupled with our proficiency in numerous IT areas, makes us a distinguished partner, and we look forward to being an integral part of your digital journey.

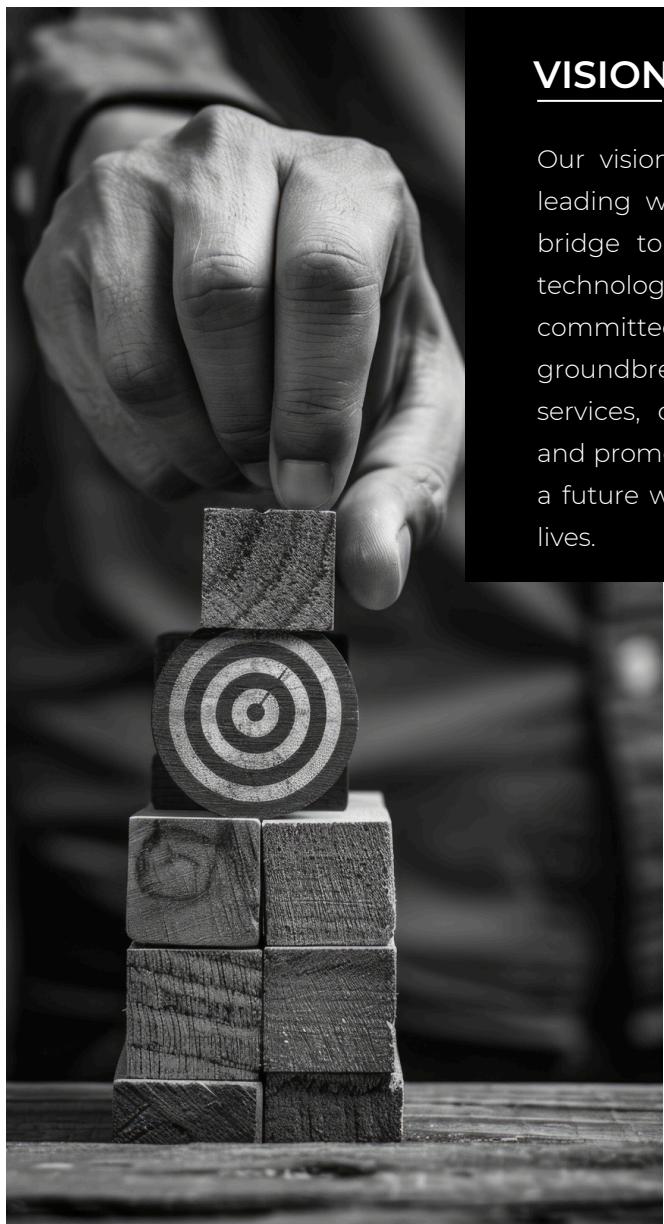

A handwritten signature in black ink, appearing to read "WASEEM ABBAS KHAN".

OUR

# MISSION & VISION

At **NUEXUS**, our mission is to continuously innovate and lead the way in IT services and training across diverse domains. We transform knowledge into expertise, empowering our clients to thrive in the ever-evolving digital landscape. Through cutting-edge solutions, comprehensive training programs, and unwavering dedication to client-centric excellence, we aim to drive success for businesses and individuals alike.

## VISION

Our vision is to empower tomorrow's innovators by leading with innovation today. We aspire to be the bridge to IT excellence, staying at the forefront of technology and shaping the digital landscape. We are committed to transforming the IT industry with groundbreaking solutions, providing state-of-the-art services, offering comprehensive training programs, and promoting digital literacy. At NUEXUS, we envision a future where technology empowers and transforms lives.

To lead in creating innovative solutions that shape the future.

To provide exceptional products and services that meet our clients' needs.

To commit to environmentally responsible practices in all our operations.

# About **NUEXUS**

NUEXUS is an innovative IT services and training company committed to redefining the digital landscape. With a dedicated team of experts and a relentless commitment to excellence, we excel in delivering cutting-edge solutions and comprehensive training programs across various domains of information technology. Our core focus is on Cyber Security, Artificial Intelligence, Internet of things, and Block chain Services, where we offer an array of solutions to build and safeguard your digital assets. Along with these, we provide trainings and services in Digital Marketing, Software Development, Cloud Services, Graphic Designing, Web Development, network and infrastructure services etc

## **MAIN IDEA AND FOCUS**

At NUEXUS, we focus on delivering innovative solutions tailored to our clients' needs. Our client-centric approach ensures satisfaction and value. Committed to sustainability, we adopt eco-friendly practices in all operations. Together, we strive to set new standards of excellence in our industry.

Whether you need tailored digital marketing strategies, custom software solutions, cybersecurity defenses, blockchain innovations, or cloud technology implementations, we are your partner in this transformative journey. With a wide array of certifications available, individuals can acquire industry-recognized credentials in cybersecurity, programming and development, networking, blockchain, artificial intelligence, and cloud computing, making them highly skilled and competitive in the IT landscape. In a short span, we have made significant strides in transforming knowledge into expertise, helping businesses thrive and individuals prosper in this fast-paced digital era.

# CORPORATE CULTURE

## MAIN IDEA AND FOCUS

At Nuexus, our corporate culture is built on the foundations of **collaboration**, **innovation**, and **integrity**. We strive to create an inclusive environment where every team member feels valued and empowered to contribute their ideas and perspectives. **Open communication** is at the heart of our operations, allowing for the free exchange of thoughts and constructive **feedback**, which drives our collective growth. We recognize that diversity enhances creativity and **problem-solving**, and we actively promote an inclusive workplace that reflects varied backgrounds and experiences. By fostering a **supportive atmosphere**, we not only inspire individuals to reach their full potential but also cultivate a sense of belonging that **strengthens** our team dynamics and enhances overall **productivity**.

Our commitment to excellence is reflected in our approach to professional development. We prioritize ongoing training and skill enhancement, ensuring that our employees are equipped to navigate the rapidly evolving tech landscape. We celebrate achievements, both big and small, recognizing that each contribution plays a vital role in our overall success. Additionally, our focus on work-life balance helps maintain employee well-being, fostering a healthy and motivated workforce. We celebrate achievements, both big and small, At Nuexus , we are not just colleagues; we are a community dedicated to achieving our goals together , driving innovation, and making a positive impact in the industry.

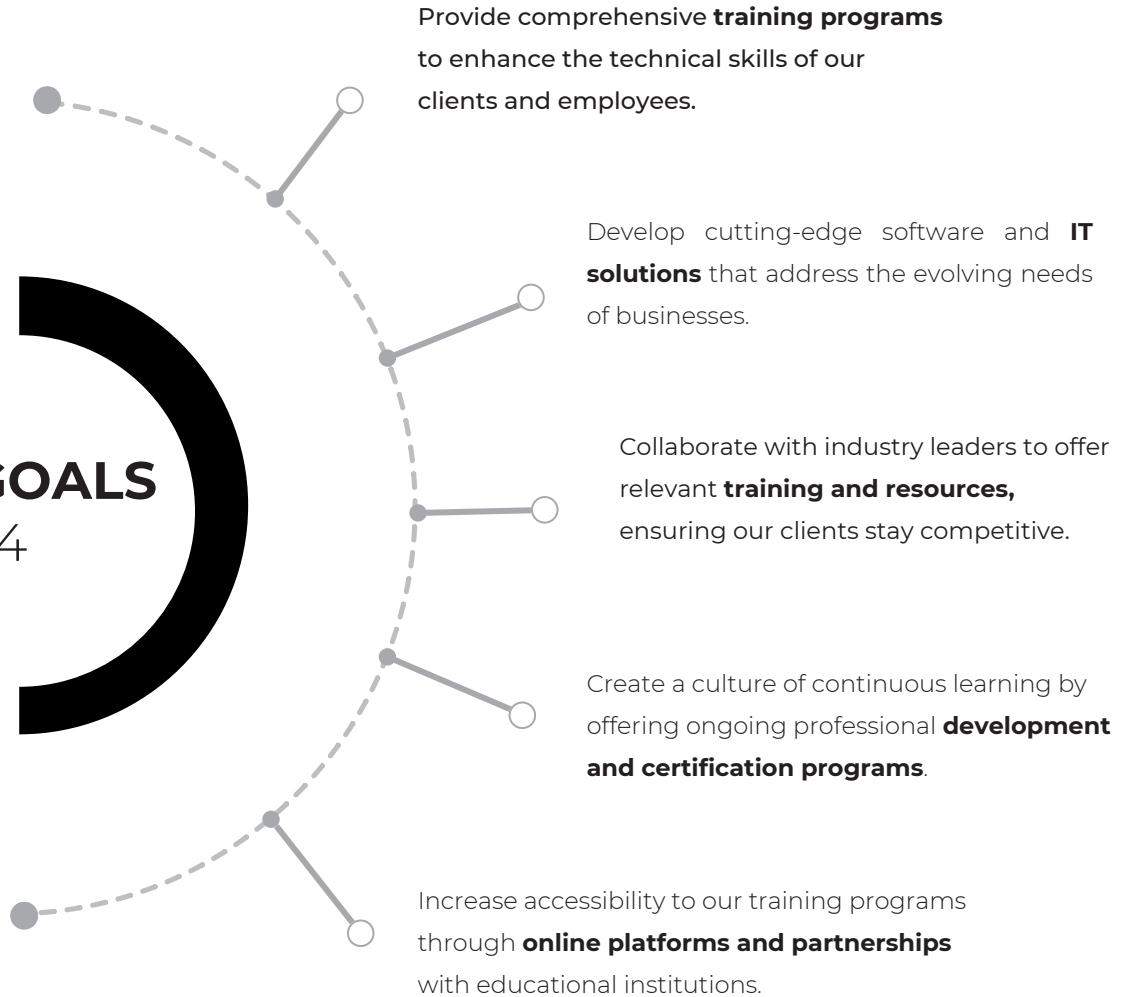

# GOALS AND OBJECTIVES

At **NUEXUS**, our primary goal is to enhance client satisfaction by delivering tailored solutions that exceed expectations and drive success. We are dedicated to fostering innovation, continuously integrating the latest technologies to improve our offerings and maintain a competitive edge. Additionally, we are committed to promoting sustainability through eco-friendly practices that minimize our environmental impact.

## OUR GOALS IN 2024

# VALUES

At **NUEXUS**, our core values guide everything we do. We prioritize integrity and innovation, ensuring transparency and embracing new technologies to provide cutting-edge solutions. Our commitment to collaboration, excellence, and customer-centricity drives us to build strong partnerships and deliver exceptional service, all while fostering sustainability in our practices.

## **Integrity**

Commitment to honesty and transparency in all our interactions.

## **Excellence**

Striving for the highest quality in every aspect of our work.

## **Competency**

is a cornerstone of our expertise, where our team's skills and knowledge are continually honed.

## **Sustainability**

Dedication to responsible practices that positively impact our community

## **Innovation**

Embracing new technologies to develop cutting-edge solutions.

## **Confidentiality**

Prioritizing the needs and satisfaction of our clients in all we do.

## **Customer Centricity**

Prioritizing the needs and satisfaction of our clients in all we do.

# OUR SERVICES

## AT NUEXUS WE PROVIDE

Cyber Security Services , Artificial Intelligence & Machine Learning, Software Development, Blockchain Services, Web Development, Cloud Services , Digital Marketing , Graphic Designing, IT Consulting , Network and Infrastructure Services , Managed IT Services , Database Management , IT Infrastructure Support , Cloud Computing , IoT Solutions , IT Project Management , Training and Workshops , CRM Systems , IT Support and Helpdesk Services, Custom Software Integration , Hardware and Software Procurement , IT Asset Management ,

# CYBER SECURITY SERVICES

Protect your digital environment with comprehensive security measures to prevent, detect, and respond to threats

**Vulnerability Assessments:**

Identify and evaluate potential weaknesses in your system.

**Penetration Testing:** Simulate attacks to test the effectiveness of security defenses.

**Incident Response:** Rapid response to mitigate the impact of security breaches.

**Security Audits:** Review security policies and infrastructure for compliance.

**Threat Detection and Mitigation:** Identify and neutralize potential threats in real-time.

**Managed Security Services:** Continuous security management by experts.

# ARTIFICIAL INTELLIGENCE & MACHINE LEARNING

Harness AI-driven solutions to automate processes and provide data-driven insights.

**AI Consulting:** Tailored advice to integrate AI into your business strategy.

**Natural Language Processing (NLP):** Process and analyze human language data.

**Computer Vision:** Enable systems to interpret and understand visual inputs.

**Machine Learning:** Develop models to predict outcomes and optimize processes.

**Deep Learning Models:** Advanced algorithms that mimic human decision-making.

# SOFTWARE DEVELOPMENT

Build custom software solutions that align with your unique business needs.

#### Custom Software Solutions:

Tailored applications to meet specific business needs.

#### Cross-Platform Applications:

Build apps that work seamlessly on multiple devices.

**Database Optimization:** Ensure efficient data storage and retrieval for high performance.

#### Web and Mobile App

**Development:** Create engaging digital experiences across platforms.

**UI/UX Design:** Enhance user experience with intuitive design.

# BLOCKCHAIN SERVICES

Implement secure, decentralized solutions using blockchain technology.

#### Custom Blockchain

**Solutions:** Design systems tailored to your decentralized needs.

#### Smart Contract

**Development:** Automate transactions with secure, self-executing contracts.

**Blockchain Audits:** Ensure the security and efficiency of your blockchain systems.

#### dApp Development:

Create decentralized applications on various blockchain platforms.

# WEB DEVELOPMENT

Craft responsive and engaging websites that enhance user experience.

## Responsive Website Design:

Websites that adapt to any screen size and device.

## E-commerce Development:

Build online stores that enhance sales and customer experience.

## Content Management

**Systems (CMS):** Manage and update website content easily.

## Website Maintenance and

**Optimization:** Ensure websites run smoothly and efficiently.

# CLOUD SERVICES

Migrate and manage your business operations on the cloud for scalability and security

**Cloud Migration:** Seamlessly transition your data and systems to the cloud.

**Cloud Security and Backup:** Protect and back up data on secure cloud platforms.

**Infrastructure as a Service (IaaS):** On-demand computing resources for scalability.

**Cloud Management Services:** Comprehensive management of cloud environments.

Enhance your digital presence through targeted online strategies.

#### **Search Engine Optimization**

**(SEO):** Improve your website's ranking on search engines.

#### **Pay-Per-Click (PPC) Advertising:**

Drive traffic through targeted online ads.

#### **Social Media Management:**

Engage with customers across various social platforms.

#### **Content Marketing:** Create

valuable content that attracts and retains a defined audience.

# GRAPHIC DESIGNING

Create visually impactful designs that resonate with your audience.

**Logo Design:** Unique logos that define your brand identity.

**Print Materials:** Design flyers, brochures, and other marketing collateral.

**UI/UX Design:** Create intuitive and appealing interfaces for digital products.

**Web Graphics:** Visual elements for websites and social media.

# IT SERVICES

## IT CONSULTING

Expert guidance to optimize your IT strategy and infrastructure.

- **Strategic Technology Planning:** Long-term IT solutions aligned with your business goals.
- **IT Risk Management:** Identify and mitigate potential IT risks.
- **Technology Integration:** Seamless integration of new technologies into existing systems.

## NETWORK & INFRASTRUCTURE SERVICES

Build and maintain a robust IT infrastructure for optimal performance.

- **Network Design and Setup:** Custom network architectures for your business needs.
- **Server Management:** Efficiently manage servers for uninterrupted service.
- **Infrastructure Security:** Ensure a secure IT environment against threats.

## MANAGED IT SERVICES

Ongoing IT support to ensure your systems are always up and running.

- **24/7 IT Support:** Round-the-clock technical support for any IT issues.
- **Proactive Maintenance:** Prevent IT problems before they occur.
- **System Monitoring:** Continuous oversight to ensure smooth operations.

# TRAINING PROGRAMS

At **NUEXUS** we are dedicated to fostering growth and success through comprehensive training and education services. We are a team of experts with a passion for equipping individuals and organizations with the skills, knowledge, and certifications necessary to thrive in today's dynamic world. Our commitment to excellence and innovation has made us a trusted partner for a wide range of training needs.

## PROFESSIONAL TRAININGS

At **Nuexus** tailored training services enhance skills, update industry knowledge, and boost career prospects

## CORPORATE TRAININGS

Our **corporate training** solutions empower teams to **boost productivity** and drive success

## WORKSHOPS & SEMINARS

Our workshops provide **practical knowledge** and insights to enhance skills and understanding of **emerging trends**

## CERTIFICATION TRAININGS

Our certification programs validate expertise and enhance **professionals' marketability**

# Professional TRAININGS

For professionals seeking to excel in their careers or explore new opportunities, our tailored professional training services provide the ideal platform. Our industry-specific training programs, guided by seasoned professionals, are designed to enhance skills, keep participants updated with industry trends, and boost their career prospects. We offer a diverse array of training options to accommodate a wide range of career aspirations.

## PROFESSIONAL TRAININGS

### Technical Skills Development

Training focused on specific software, tools, or technologies

### Leadership and Management

Courses aimed at enhancing leadership skills and management strategies.

### Customer Service Excellence

Training aimed at enhancing customer interactions, satisfaction, and support skills.

### Soft Skills Training

Programs designed to improve communication, teamwork, and emotional intelligence.

### Technical Skills Development

Training focused on specific software, tools, or technologies

### Compliance and Regulatory Training

Education on industry standards, regulations, and best practices.

# Corporate TRAININGS

In the corporate arena, we understand that each organization faces its unique challenges and objectives. Our corporate training solutions are fully customizable, developed in close collaboration with businesses to tackle their specific needs. Our goal is to empower your team with the skills and knowledge required to enhance productivity, adapt to industry changes, and drive success.

## CORPORATE TRAININGS

### Leadership Development

Training programs aimed at enhancing leadership skills

### Team Building

Activities designed to improve collaboration, communication, and camaraderie among team members

### Health and Safety Compliance

Training that ensures employees understand workplace safety standards and regulations

### Diversity and Inclusion

Training focused on promoting a diverse workplace and fostering an inclusive culture.

### Sales Training

Instruction on sales techniques, strategies, and tools to improve sales performance

### Customer Service Training

Programs that teach employees how to effectively interact with and support customer

# Workshops & Seminars

Through our workshops and seminars, we strive to deliver insights and practical knowledge that inspire and educate. These interactive sessions are designed for individuals and organizations seeking to enhance their skills, broaden their understanding of emerging trends, and gain invaluable industry insights.

## WORKSHOPS AND SEMINARS

### Skill-Building Workshops

Hands-on sessions focused on developing specific skills, such as coding, writing, or public speaking

### Industry Conferences

Events that bring together professionals to discuss trends, challenges, and innovations

### Health and Wellness Workshops

Sessions focused on personal well-being, stress management, and work-life balance

### Leadership Seminars

Programs designed to inspire and educate participants on effective leadership practices

### Networking Events

Gatherings aimed at fostering professional relationships and connections

### Creative Workshops

Interactive sessions that encourage creativity and innovation through activities

# Certification

## TRAININGS

Our certification training programs are the gateway to industry-recognized credentials. These certifications validate the expertise of individuals across various domains, bolstering their marketability and proficiency. At NUEXUS Pvt Ltd, we offer comprehensive training for professionals and enthusiasts looking to achieve certifications that will set them apart in their respective industries.

**OFFERED  
COURSES**

AT NUEXUS TECHNOLOGIES, WE PROVIDE AN EXPANSIVE RANGE OF PROFESSIONAL CERTIFICATION AND TRAINING PROGRAMS, CATERING TO INDIVIDUALS AND CORPORATE CLIENTS ALIKE. WHETHER IT'S CYBERSECURITY, CLOUD COMPUTING, WEB DEVELOPMENT, GAME DEVELOPMENT, OR SEO, OUR COURSES ARE DESIGNED TO EMPOWER YOU WITH THE LATEST SKILLS AND KNOWLEDGE TO EXCEL IN TODAY'S TECH-DRIVEN WORLD.

#Courses

01

## CYBER SECURITY TRAINING'S

### Master Defense, Offense, and Everything In-Between

Our cybersecurity certifications cover every facet of digital security, from foundational skills to advanced red teaming and penetration testing. Learn how to protect systems, ethically hack into networks, and identify vulnerabilities.

### COURSES

#### CompTIA Security+ (SY0-601)

Comprehensive security training covering network security, risk management, and cryptography

#### Certified Ethical Hacker (CEH)

Penetration testing and ethical hacking certification.

#### Certified Cloud Security Professional (CCSP)

Specialized skills for securing cloud infrastructures and ensuring compliance.

#### Certified Information Systems Security Professional (CISSP)

IT security architecture, governance, and risk management.

#### Offensive Security Certified Professional (OSCP)

Hands-on penetration testing with Kali Linux.

#### Certified Penetration Testing Professional (CPENT)

Advanced penetration testing covering web apps, networks, and real-world systems.

#### SIEM, SOAR, EDR, and XDR Solutions

Manage and automate security operations with leading tools and platforms.

#### Red Teaming, Blue Teaming, and Purple Teaming

Offensive, defensive, and collaborative security strategies.

#### Bug Bounty Hunter Training

Find vulnerabilities in systems and earn through bug bounty programs

02

## CLOUD COMPUTING TRAINING

### **Design, Deploy, and Secure Cloud Environments.**

Cloud technologies are critical for modern businesses. Learn how to build, manage, and secure scalable cloud solutions across platforms like AWS, Azure, and Google Cloud.

---

### COURSES

#### **AWS Certified Cloud Practitioner (CLF-C01)**

Foundational knowledge of cloud computing and AWS services.

#### **AWS Certified Solutions Architect – Associate (SAA-C03)**

Learn to design scalable cloud systems.

#### **Microsoft Azure Fundamentals (AZ-900)**

Comprehensive security training covering network security, risk management, and cryptography

#### **Azure Solutions Architect Expert (AZ-305)**

Design enterprise-grade cloud solutions using Microsoft Azure.

#### **Google Cloud Professional Cloud Architect**

Architect and manage secure cloud applications on Google Cloud Platform

03

## ARTIFICIAL INTELLIGENCE (AI) TRAINING

### **Automate the Future with AI and Machine Learning.**

Artificial Intelligence (AI) is at the forefront of technological advancements. Our AI certification courses provide you with the skills to create intelligent systems, build machine learning models, and apply AI in real-world applications.

---

### COURSES

#### **Azure AI Fundamentals (AI-900)**

Introduction to AI concepts and machine learning on Azure.

#### **AWS Certified Machine Learning – Specialty (MLS-C01)**

Build and deploy machine learning models on AWS.

#### **Deep Learning with TensorFlow and Keras**

Learn deep learning techniques and develop AI models using TensorFlow.

04

## NETWORKING TRAINING

### Configure, Manage, and Secure Complex Networks.

Networking certifications are vital for understanding how modern networks operate. From foundational courses to expert-level training, our networking programs cover Cisco, Huawei, and firewall management.

## COURSES

#### Cisco Certified Network Associate (CCNA) (200-301)

Master networking fundamentals, routing, and switching.

#### Cisco Certified Network Professional (CCNP ENCOR) (350-401)

Advanced enterprise networking for designing and implementing large-scale networks

#### Cisco Certified Network Professional (CCNP ENARSI) (300-410)

Advanced routing and network troubleshooting techniques.

#### Cisco Certified Internetwork Expert (CCIE) Enterprise Infrastructure

Expert-level certification for enterprise networking design and security.

#### Huawei Certified ICT Professional (HCIP)

Advanced IP networking, routing, and switching using Huawei technologies.

#### Fortinet Certified Network Security Expert (NSE)

Firewall security and network management using Fortinet products.

#### Palo Alto Networks Certified Network Security Engineer (PCNSE)

Deploy, manage, and configure Palo Alto Networks firewalls for enterprise environments.

05

## WEB DEVELOPMENT & MOBILE APP DEVELOPMENT

### Build Cutting-Edge Websites and Mobile Apps

Our web and app development programs offer a full-stack approach, equipping you with the skills to create responsive websites and feature-rich mobile apps

---

### COURSES

#### HTML, CSS, JavaScript – Web Development Essentials

Fundamentals of web development and creating responsive websites

#### WordPress Development

Build professional websites using the WordPress platform.

#### Flutter – Mobile App Development

Create cross-platform mobile applications using Flutter.

#### Full-Stack Web Development

Develop both front-end and back-end applications with technologies like React.js, Node.js, and MongoDB.

06

## GAME DEVELOPMENT & AR/VR

### Create Immersive Games and Virtual Experiences.

Dive into the world of game development with our hands-on training programs.

Learn how to create interactive games, and explore augmented and virtual reality (AR/VR) development for next-generation experiences.

---

### COURSES

#### Game Development with Unity

Learn to develop 2D and 3D games using Unity's powerful game engine.

#### Game Design Fundamentals

Understand the basics of game mechanics, level design, and user interaction.

#### AR/VR Development with Unity and Unreal Engine

Create immersive AR/VR experiences using industry-leading platforms.

#### 3D Modeling for Games and AR/VR

Learn to design and model 3D assets for games and virtual environments.

07

## SEO, DIGITAL MARKETING & CONTENT CREATION

### Optimize, Market, and Grow Your Brand.

Our SEO and digital marketing courses provide you with the tools to increase online visibility, drive traffic, and grow your brand using the latest strategies.

---

### COURSES

#### Search Engine Optimization (SEO) – Foundations to Advanced

Master SEO techniques to rank websites higher on search engines.

#### Google Analytics Certification

Learn how to track and analyze website performance using Google Analytics.

#### Social Media Marketing

Create effective social media campaigns that engage audiences and drive traffic.

#### YouTube Marketing and Content Creation

Develop and promote engaging video content for YouTube and other video platforms.

08

## GRAPHIC DESIGNING & MOTION GRAPHICS

### Design, Animate, and Bring Ideas to Life.

Our graphic design and motion graphics courses teach you to create professional visuals and animations using industry-standard software.

---

### COURSES

#### Adobe Photoshop and Illustrator – Graphic Design Certification

Learn graphic design fundamentals and create professional visuals.

#### Motion Graphics with Adobe After Effects

Create stunning motion graphics and animations for digital media.

#### UI/UX Design Fundamentals

Understand the principles of creating user-friendly designs for websites and apps

09

## PYTHON , AUTOMATION & AI DEVELOPMENT

### Code, Automate, and Innovate with Python

Our Python courses provide you with the foundational and advanced skills necessary to automate tasks, analyze data, and build intelligent systems using Python.

#### COURSES

##### Certified Python Programmer – Entry Level (PCEP)

Learn Python fundamentals and basic programming concepts.

##### Advanced Python for AI and Automation

Use Python for automating tasks and building AI models.

##### Machine Learning with Python

Develop machine learning models using Python libraries like TensorFlow and Scikit-learn.

10

## BUG BOUNTY & PENETRATION TESTING

### Uncover Vulnerabilities and Secure Systems.

Our bug bounty and penetration testing programs teach you how to identify and exploit security vulnerabilities in a safe, ethical manner.

#### COURSES

##### Certified Bug Bounty Hunter

Discover security vulnerabilities in web applications and systems.

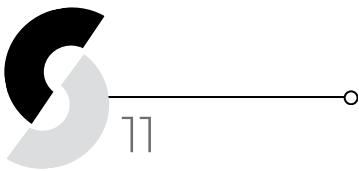

##### Penetration Testing with Kali Linux (PEN-200)

Learn ethical hacking and penetration testing using Kali Linux.

##### Advanced Penetration Testing & Red Teaming

Conduct advanced penetration testing and simulate real-world attacks.

## CUSTOMIZED CORPORATE TRAINING PROGRAMS

### Tailored Training Solutions for Your Team.

Our customized corporate training programs are designed to meet the specific needs of your business. Choose from a combination of topics in cybersecurity, web development, project management, and more to create tailored training that fits your organization's goals.

### COURSES

#### Cybersecurity + Cloud Security

Train your IT team in both network security and securing cloud infrastructures.

#### Web Development + SEO

Combine web development skills with SEO strategies to build optimized websites that rank well.

#### Python Automation + Data Analysis

Equip your team to automate repetitive tasks and analyze data effectively using Python.

#### Project Management + Digital Marketing

Train your managers in project management while giving your marketing team the skills to grow your online presence.

#### Graphic Design + Motion Graphics

Provide your design team with both static and dynamic visual creation skills, including animation.

# OUR ACHIEVEMENTS

Nuexus Technologies is known for innovative UI/UX design and web development, delivering standout e-commerce platforms, mobile apps, and SaaS solutions. We craft tailored, functional products that meet client needs, combining creativity with cutting-edge technology. Our focus on seamless user experiences and staying ahead of trends makes us a trusted partner for businesses looking to succeed in the digital space.

Completed a large-scale company project, delivering over 200+ tasks with efficiency and impactful results

Successfully certified over 1,000+ students, delivering high-quality training, skills, and expertise.

Engaged with over 100+ community members, fostering collaboration, growth, and meaningful connections.

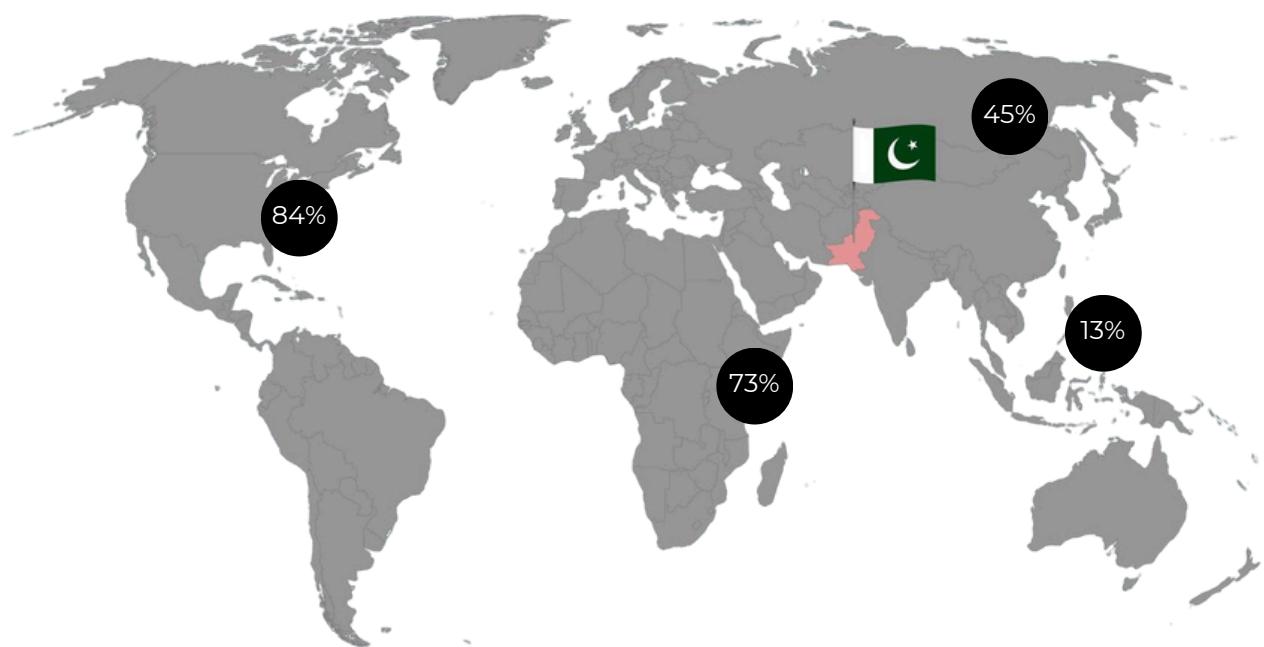

# OUR TEAM CERTIFICATIONS

# WHERE WE WORK?

At **NUEXUS** Pvt Ltd, we operate in a dynamic and innovative workspace designed to foster collaboration and creativity. Our office is equipped with state-of-the-art technology and resources, providing a stimulating environment that encourages teamwork and the free exchange of ideas. Located in the heart of the city, we enjoy easy access to essential amenities .

We prioritize continuous learning and professional development, ensuring our staff remains at the forefront of industry trends and best practices
